

# PowerEco-30kW/207kWh

# PowerEco-60kW/207kWh

**COSPOWERS**

flexible expansion, one machine  
multi-effect matching a variety  
of application scenarios

Multiple Protection  
Systems

highly integrated  
design AC and DC  
integrated

fingertip monitoring  
cloud maintenance

| Parameters/ Model                          |                         | PowerEco-30kW/207kWh                      | PowerEco-60kW/207kWh |
|--|-------------------------|---|----------------------|
| DC side parameter<br>(Photovoltaic access) | Rated power             | 45kW                                      |                      |
|  | Input Voltage Range     | 700~830V                                  |                      |
|  | Maximum Input Current   | 32.5*2A                                   |                      |
| AC grid connection<br>parameter            | Rated output power      | 30kW                                      | 60kW                 |
|  | Maximum apparent power  | 33kVA                                     | 66kVA                |
|  | Maximum active power    | 33kW                                      | 66kW                 |
|  | Rated grid voltage      | 3P3W+PE, 480(±15%)V                       |                      |
|  | Rated frequency         | 60(±2.5)Hz                                |                      |
|  | Current harmonic        | <3%                                       |                      |
| AC off-grid<br>parameter                   | Rated output power      | 30kW                                      | 60kW                 |
|  | Maximum apparent power  | 33kVA                                     | 66kVA                |
|  | Maximum active power    | 33kW                                      | 66kW                 |
|  | Rated grid voltage      | 3P3W+PE, 480 (±5% configurable) Vac       |                      |
|  | Rated frequency         | 60 (±5 configurable) Hz                   |                      |
| Battery<br>parameters                      | Battery Type            | LFP                                       |                      |
|  | Rated capacity          | 207kWh                                    |                      |
|  | Nominal voltage         | 691.2V                                    |                      |
|  | Operating voltage range | 604.8~750V                                |                      |
| System level<br>parameters                 | HMI                     | 8 inch LCD touch screen                   |                      |
|  | Fire protection system  | Perfluorhexone fire protection            |                      |
|  | Cooling Method          | Air cooling                               |                      |
|  | Operating temperature   | 0~55°C                                    |                      |
